NHS Test and Trace: COVID-19 testing for Staff and Students

Dear Parent or Guardian,

You may have heard that testing for those without coronavirus symptoms is beginning across the country using new, quicker COVID-19 tests known as 'lateral flow' devices. This letter is to help give you more information about the testing programme in our school.

Up to one third of people who have coronavirus are asymptomatic. By testing we will help to reduce the spread in school and college settings through asymptomatic transmission. I am therefore strongly encouraging those returning to school to be tested.

Plan for testing

We will be looking to test all staff and secondary school age students as they return to school.

How the tests work

Those taking the test will be supervised by trained staff and volunteers. The lateral flow tests are quick and easy to undertake, using a swab of the nose and throat. Results (which take around half an hour from testing) will be shared directly with the individual participant. The school will inform the student of a positive test result. Where participants are under 16, parents or legal guardians will also be informed. The student will also receive a text notification of a positive or negative result from the online NHS system.

What if my child tests positive?

If a student tests positive on a lateral flow device, they will need to self-isolate for 10 days and follow the guidance from NHS Test and Trace.

What happens if the test is negative?

While a small number of students may need to repeat the test if the first test was invalid or void for some reason, students who test negative will be able to stay in school and resume their activities as normal. Students will be informed of negative test results via text/email. Where participants are under 16, parents or legal guardians will also be informed.

What if staff or students have been in close contact with someone in school who tests positive?

The staff member or student will be notified that they are a close contact by the school and will need to self-isolate for 10 days in line with Government guidance.

What if my child develops symptoms?

This testing programme at school is for people with no symptoms. If your child develops symptoms at any time (including a high temperature; a new, continuous cough; or a loss or change to their sense of smell or taste) they must immediately self-isolate and book a test by calling 119 or visiting <https://www.gov.uk/get-coronavirus-test>.

We will support our staff and students throughout, but please contact us if you have any questions. You can contact the office by email schooloffice@purcell-school.org.

Yours faithfully,

Paul Bambrough
Principal
