

P23 Responding to the Ofsted Review of Sexual Abuse in Schools and Colleges (2021)

The 2021 Ofsted review of sexual abuse in schools revealed how prevalent sexual harassment and online sexual abuse are for children and young people and their reluctance to report incidents of abuse for a wide variety of reasons. The Review recommends that all schools act as though sexual harassment and online sexual abuse are happening, even when there are no specific reports.

Specifically, the review found that:

- Nearly 90% of girls, and nearly 50% of boys, said being sent explicit pictures or videos of things they did not want to see happens a lot or sometimes to them or their peers
- Students reported that sexual harassment occurs so frequently that it has become “commonplace”
- 92% of girls, and 74% of boys, said sexist name-calling happens a lot or sometimes to them or their peers
- Sexual violence typically occurred in unsupervised places outside of school, such as parties or parks without adults present
- Students do not want to talk about sexual abuse, even when the school encourages them to. They see the risk of being ostracised by peers or getting peers into trouble is not considered to be worth it. They worry about how adults will react, that they will not be believed, or that they will be blamed. They also think that once they talk to an adult, the process will be out of their control
- Students were rarely positive about their experience of RSE. They did not feel it equipped them with the information and advice they needed and therefore they often turn to social media and their peers to educate themselves and each other
- Some teachers and leaders underestimate the scale of the problem; even where there was a whole-school approach to tackling sexual harassment, professionals consistently underestimated the prevalence of online sexual abuse.

The Purcell School strives to be an open, tolerant and inclusive community in which sexual harassment and abuse will not be tolerated in any form. The School’s Behaviour and Sanctions Policy, Peer on Peer Abuse Policy and Online Safety policy all outline how such incidents will be dealt with by the School; the School’s RSE, PSHE Policy and wider Pastoral Curriculum outline how the School seeks to provide the necessary education to create a culture in which students feel safe, happy and healthy through a variety of opportunities both within the classroom and beyond.

Specifically, provision will include opportunities to learn about and discuss the following in an age appropriate way:

- Definitions of sexual harassment and how to recognise and report it

- Definitions of sexual abuse and how to recognise and report it
- How online activity (including the sending of “nudes”) can be both harassment and abuse and the possible consequences of such action both within school and legally
- Definitions of consent
- How concerns are managed within school

The School will also provide a range of opportunities outside of the classroom to explore, discuss and contextualise the above and will also provide advice and guidance on how to manage an unwanted situation or incident of harassment and/or abuse “in the moment”.

The School will ensure the following:

- That RSE is embedded within the context of a wide ranging and high quality PSHE/Pastoral Curriculum both within the formal classroom and beyond
- That the Sixth Form are provided with significant opportunities for PSHE education through assemblies, the Sixth Form Personal Development Programme, a series of focussed sessions addressing consent, sexual harassment and sexual violence and engagement with external experts
- That SEN and EAL students are provided with additional support where necessary such that they are able to understand the concepts within their own contexts
- Opportunities for less formal exploration/discussion of such topics with a suitably qualified member of staff will be made available during boarding time
- That staff will listen carefully and objectively to the feedback of students when they talk and/or formally feedback about the content and/or quality of provision, making adjustments if and when necessary
- That those staff engaged in the delivery of PSHE and/or RSE have received training at an appropriate level
- That all staff are trained to better understand the definitions of sexual harassment and sexual violence (including online sexual abuse); identify early signs of peer-on-peer abuse; consistently uphold standards in their response to sexual harassment and online sexual abuse
- That records will be routinely analysed to identify patterns so that appropriate preventative interventions can be implemented
- That the School will continue to engage with its local service providers to ensure it remains up-to-date on all support available to those who are victims or perpetrate harmful sexual behaviour

- This statement of response will be appended to the following policies and will form the basis of

Staff INSET training in January 2022:

- Child Protection/Safeguarding Policy
- PSHE Policy
- RSE Policy

The following policies have been updated to specifically reference the content of this statement of response:

- Behaviour and Sanctions Policy
- Peer-on-Peer Abuse Policy
- Online Safety Policy

Response to Ofsted Review/New RSE Curriculum Action Plan

When	What	Who	Intention or Outcome/Impact
Autumn Term	Complete second stage of parent consultation on RSE policy	TB/PB	No parental concerns received; proceed on basis policy is accepted.
	Ensure greater visibility of Safeguarding Team	KC/SC	New poster campaign leading to greater awareness of who concerns can be reported to (CoG student interviews, October 21)
	Increase counselling provision	AW/NM	The significantly increased number of hours has enabled more students to share concerns; much better integration of counsellor and wider pastoral staff has enabled student care to be more “joined up”
	Devise and Launch new integrated assembly and tutorial programme (Key focus: Respect, kindness, living and working together as a community)	TB/PB	Much more consistent tutorial delivery ensures messages are reinforced and ensures that all students have understood key themes
	Launch and publish new Boarding Statement	KC/HPs	Discussed and displayed in houses; has led to an improved culture/sense of community in houses. Significantly fewer instances of serious sanctions than previous years.
	Ensure RSE and PSHE curriculum maps include reference to, and exploration of, all relevant recommendations outlined in the Ofsted Review (RSE activity to be moved to spring term in light of MS’s absence)	TB/MS	

	<p>Devise and commission Student Voice Survey to better understand their experience</p> <p>Digest Ofsted Review and recommendations thoroughly; update and adapt existing policies/practice where appropriate and necessary</p> <p>Analyse and consider response to Student Inclusion Survey; Identify key threads; Identify priorities and strategies</p>	<p>TB</p> <p>PB/SLT</p> <p>SLT</p>	<p>Ensures all issues are embedded in an age-appropriate way through the delivery of PSHE programme and by consequence, into the ethos of the school</p> <p>42% completion rate enables the survey to be meaningful and has informed action below. A review of the PSHEE curriculum content to ensure it sufficiently addresses the needs raised in the student survey. 2. To facilitate a series of "life skills" sessions for Sixth Form which will address some of the wider issues raised in the survey. This will be a combination of the programme outlined in the Sixth Form Personal Development Policy and a series of additional sessions run by external experts. 3. To facilitate some opportunities where students/staff can discuss and explore issues of equality, diversity and inclusion as they relate to both the School and the wider world.
